DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-2 are rejected under 35 U.S.C. 102(b) as being anticipated by Johnson, 2592155.

Johnson discloses a necktie holder having a crossbar (21), a retainer (10) being secured to the opposed ends of the crossbar via the curved arched sections (16, 20) to form an elongated loop. Johnson's retainer is provided with a cut (13) that runs along the length of the retainer. The cut is u-shaped and allows the clip portion (11, 12) to be divided from the other part of the retainer to form a pair of selectively separable parts. Johnson also discloses a flexible link (22) having a medallion (26) suspended from the link, wherein the link is releasably connected to the opposed ends of the crossbar via chain links that are easily separated to remove or attach the link to or from the crossbar.

Allowable Subject Matter

3. Claims 3-6 are allowed.

Response to Arguments

4. Applicant's arguments with respect to claims 1 and 2 have been considered but are moot in view of the new ground(s) of rejection.
